Information about the 3 prizes and the type of work for which they are given can be found on the IMU Web site at:

<http://www.mathunion.org/general/prizes/>.

The guidelines for nominations are specified at the Web page:

<http://www.mathunion.org/general/prizes/nomination-guidelines/>.

Nominations should ideally be sent by December 15, 2008 to the prize committee chairs.

Please distribute this information within your mathematical communities so that as many good candidates as possible are nominated for these important prizes.

Sincerely

Martin Grötschel
