IMU AO Circular Letter 10/2016

To: The Adhering Organizations of the International Mathematical Union (IMU)

From: Helge Holden, IMU Secretary

IMU Nominating Committee – result of random selection

Dear colleagues,

This email is just for your information regarding the random selection of members of the IMU Nominating Committee (NC).

I refer to Circular Letter 5/2016, see

http://www.mathunion.org/fileadmin/IMU/Publications/CircularLetters/2015-2016/IMU_AO_CL_5_2016.pdf.

We thank you for the nominations.

Yesterday, at the IMU Secretariat in Berlin, the random selection of members of the NC took place.

See http://www.mathunion.org/fileadmin/IMU/Publications/CircularLetters/2015-2016/Nominating_committee_IMU.mp4.

The result was

Martin Kalina (Slovakia)
Niky Kamran (Canada)
Ursula Molter (Argentina)

The chair of the NC, Martin Grötschel, and the IMU President, Shigefumi Mori, will appoint two more members to the NC, which then comprises 7 members.

Once the NC is complete, the AOs will be informed about its composition, and a call will be made for nominations for IMU President and Secretary.

Sincerely,

Helge Holden
Secretary of the International Mathematical Union
